

This leaflet covers Hawthorn village and Hawthorn Dene. Take a short stroll around the village or a longer ramble out to the coast and the stunning Hawthorn Dene viaduct. Stop at the village pub for refreshments.

The longer walks connect to the King Charles III England Coast Path. This path is being developed and will soon go all the way around the coast of England. The section in Durham is fully open and provides wonderful views of the cliffs, beaches and coastal wildlife.

Catch a glimpse of the sea through the viaduct arches, smell the intense wild garlic in spring and enjoy the wildflower meadows in summer.

The yellow route may be muddy in places. The red route has some steep slopes, steps and stiles and may be muddy.

Take care on the coast, follow local signs and keep back from the cliff edge.

Explore the fabulous Durham coast with this series of walk leaflets offering short, easy walks from the coastal villages.

Each leaflet shows colour-coded walks. The green routes are the easiest, yellow routes are longer and the red routes are the most challenging.

There are 8 leaflets in the series, and an additional leaflet showing key bus routes and travel information.

# Hawthorn

## Coastal short walks

### Map key

- Green walk: 1 mile / 30 minutes**  
The route is on paved surfaces and on tracks. Barriers make this route unsuitable for mobility scooters.
- Yellow walk: 2.3 miles / 1 hour 10 minutes**  
The route is on good woodland paths with some steps. Barriers make this route unsuitable for mobility scooters.
- Red walk: 3.7 miles / 2 hours**  
This route has some steep slopes, steps and stiles and may be muddy and slippery in places. It is unsuitable for mobility scooters.

Please note: walk lengths are approximate. The walk time is based on an average walking speed of 2 miles per hour.
